A World of Opportunities Abroad

Together all the options in one place for a generation who is planning to start an international career - improve their lifestyle - find a job abroad - escape from everyday life - live their life overseas - set up their own business - discover the world through study abroad, work and business opportunities.

2012年中国天津国际移民展

Interimmi can offer the best opportunity for students to obtain the first-hand info about higher education, internship program and other education services in other places around the world. At Interimmi students can lead the world. They can improve and feel the multicultural system by studying abroad, exchanging students, a summer camp and long-term or short-term further study etc. Here is a mega study abroad opportunity for students as there will be many International Education Providers attending the event. These institutes also have the opportunity to meet face to face with other International Institutes for Joint and Accredited programs.
